'Rising Star' - Major Projects Association

Robert is an English qualified Senior Associate and Solicitor-Advocate in our Global Projects Disputes Practice based in London.

He has over ten years' experience acting for clients in all forms of dispute resolution proceedings with a focus on the defence, energy, construction, engineering, and infrastructure sectors. Robert sits as an arbitral tribunal secretary and is a CEDR Accredited Mediator.

Robert's recent experience includes acting/advising:

- as an arbitral tribunal secretary in a SIAC Rules arbitration, seated in Singapore, in respect of a dispute concerning a representative agreement to promote self-installing and mono-column platforms for Malaysian oil and gas projects;
- as a tribunal secretary in a Singapore seated SIAC Rules arbitration in respect of a dispute arising out of an EPC Contract for the construction of a Solar Photovoltaic Plant in Bangladesh;
- as counsel on behalf of a contractor consortium in ICC arbitration proceedings brought against a project owner in connection with the design and construction of an ammonia and urea plant on the Algerian coast;
- as counsel in HKIAC arbitration proceedings for a global commodities trader in connection with a series of contested equity investments made by a Chinese mining conglomerate
- as counsel in ICC arbitration proceedings for a Caribbean state-owned natural gas company in relation to claims brought by downstream gas consumers;
- as counsel for a UK rail operator in arbitration proceedings brought under the ADRR rules against a rail infrastructure provider;
- as counsel in two high profile London seated arbitrations for a Premier League football team against the Premier League under Section X of the Premier League Rules;
- as counsel in ICC arbitration proceedings for a shareholder in the consortium company awarded the contract for the construction of the third set of locks at the Panama Canal; and
- an oil & gas major on claims relating to front end engineering design and engineering, procurement and construction management activities on one of the largest construction projects in the industry.
